SEM Consultant

Free Consultation

We would love to find out more about your needs. Request a free consultation and we'll show you how we can help.

Diagnostic Services

Our solutions are not "one size fits all". We get to know your professional needs and uncover the areas to target real change.

Prescriptive Solutions

We will provide clear and direct actions to take to target areas of need and leverage areas of opportunity.

Ask us about our UNIQUE PLANS for post-covid school improvement, SEL supports for staff, attendance improvement for students and staff members, and schoolwide SEL infusion.

Check out many of our services on our website: <https://bobbinee.com>

Teacher Support and Empowerment

Our school-level targeted services assist teachers by providing support and creating systems in the following areas:

- ☑ Writing curriculum
- ☑ Using data to drive lesson planning
- ☑ Crafting differentiated and real-world learning lesson and unit plans
- ☑ Writing interdisciplinary units
- ☑ Getting involved in school-wide decision making and events
- ☑ Becoming a team player
- ☑ Understanding student social-emotional issues
- ☑ Developing a personal professional game plan
- ☑ Designing a student-centered project-based learning classroom
- ☑ Cultivating a positive classroom culture
- ☑ Developing classroom management procedures
- ☑ Supervision of classes to ensure all students are learning in a safe and productive environment
- ☑ Organizing supplies and resources for lessons and presentations
- ☑ Delivering differentiated instruction to each student by encouraging interactive learning
- ☑ Planning and implementing educational activities and events
- ☑ Preparing and distributing periodic progress reports and semester report cards
- ☑ Attending parent-teacher meetings
- ☑ Evaluating and documenting students' progress
- ☑ Allocating and grading homework, assignments, and tests
- ☑ Building positive relationships with students, staff member and parents
- ☑ Other individual prescriptive plans as needed

School Leader Support and Empowerment

Our school school-level targeted services assist school leaders by providing support in the following areas:

- ☑ Use of data to drive effective school decision-making
- ☑ Ideas for use of shared space and individual school facilities
- ☑ Development of safety protocols and emergency response procedures
- ☑ Revision of all school policies and procedures
- ☑ Assessment of teaching methods and plans for improvement of pedagogy
- ☑ Monitoring of student achievement—both academic and social-emotional
- ☑ Creative scheduling and budgeting
- ☑ Conducting effective and purposeful teacher cycles of observations
- ☑ Development of school partnerships
- ☑ Fostering student empowerment via social-emotional support systems
- ☑ Developing staff leadership
- ☑ Hiring of staff members
- ☑ Sustaining a positive school climate
- ☑ Systems to promote parent-family relations
- ☑ Formation of community partnerships
- ☑ Establishment of student community service opportunities
- ☑ Human relations and communication skills
- ☑ Development of vertical and interdisciplinary standards-aligned curriculum
- ☑ Creating a systematic program for social-emotional learning
- ☑ Creation of timelines and time management plans
- ☑ Preparation for administrative interviews
- ☑ Other individual prescriptive plans as needed

District Superintendent Support and Empowerment

Our school district targeted services assist upper level leaders by providing support in the areas of: Data collection and analysis, initiatives, staff trainings, school visits, budgeting, human relations, social-emotional support for staff and schools, building positive culture, developing time management plans, building partnerships and collaborations, grant writing, compliance, and other prescriptive services as needed.
